

INTERGEA GROUP HAS TAKEN OVER FILO DIRETTO INSURANCE COMPANY

The new business operation has been introduced and approved by IVASS. **Alberto Di Tanno**, controlling shareholder of Intergea Group, will take over the majority of the shares of Filo Diretto Assicurazioni. **Giorgio Introvigne** will take part to the operation as minority shareholder. He will be appointed Managing Director of Filo Diretto Assicurazioni as well.

Milan, 27th January- Alberto Di Tanno (controlling shareholder of Intergea Group and Nobis Insurance) and Filo Diretto (whose controlling shareholder is Gaultiero Ventura) have just signed an agreement. Filo Diretto Holding (now controlling 100% of Filo Diretto) will transfer the majority shareholding to Intergea Finance-whose major shareholder is Alberto Di Tanno and minority shareholder is Giorgio Introvigne's CF2000. The financial transaction is in compliance with the current law and it has been approved by IVASS.

Filo Diretto New governance will assure the widest continuity as Galtiero Ventura will be appointed President, Giorgio Introvigne managing director, Gerlaro Lauricella board member and vice-President. Alberto Di Tanno, Salvatore Passaro, Umberto Panizza, and Mario Drossopulo will be board members.

According to the 2015 initial figures, the economic aggregate Filo Diretto Insurance and Nobis is over 100 million euros. Both the companies-who operate in complementary markets-are highly innovative and mainly focus respectively on the services provided by the insurance policy and on specific tailored indemnity.

In a short time, a business combination between Filo Diretto Insurance and Nobis might be carried out in order to provide better services to the customer through a cross selling activity which might exploit the strengths of both companies (most of all in the car insurance market) and to implement the coverage on new markets and products as well. All this will be carried on without modifying the present strengths of the two companies.

INTERGEA GROUP

Intergea Group was born in 2003 in Turin and in a short time it sets itself among the most important national car dealers. A steady growth has soon brought it outside Piemonte borders. Intergea has diversified its activities since the beginning and has always focused on the market of the services. In 2008 it set up Intergea, an innovative Insurance Company which has made the Group stronger and has attracted other investors' interest. Intergea develops the provision of services and the investments in the real estate market as integration to the automotive and insurance markets. Now Intergea Group is getting more and more successful providing its clients with even bigger reliability, transparency and quality.

FILO DIRETTO GROUP

Filo Diretto Group, since 1997, provides its business and general clients with insurance policies and assistance services in four different areas: Travel and Tourism, Car, Health, and House and Family. The services and the assistance are provided by a modern and greatly performing Central Headquarter and a compact web of Service Partners which operate in five Continents in the domain of International Assistance Group Sas. The following are parts of Filo Diretto Group: Filo Diretto S.p.A, group leader of the Insurance Group, Filo Diretto Assicurazione SpA. Ami Assistance SpA and Filo Diretto Service Spa, and shares in Filo Diretto World Care Srl and International Assistance Group sas. Filo Diretto is also part of Filo Diretto Onlus, a no profit organization supporting and dealing with social problems.
